+ MUCH MORE

When a small family opened their first butcher shop in NYC (circa 1906), little did they know a meat empire was born. By meticulously sourcing the finest available quality meats at the best possible prices, 1906 grew and grew. By the 1970's these quality meat products were being sold throughout Manhattan, Brooklyn, Queens, the Bronx, and Staten Island. Today 1906 is sold in the Northeast and is quickly expanding throughout the country. After all these years 1906 is still owned by the original family and proudly features "Over a Century of Flavor" that has been handed down from generation to generation. We invite you to try 1906 and "Taste the Difference".

Ever since we smoked our first sausages in Greenwood South Carolina back in 1920, we've been coming up with bigger, better, and fresher ways to bring our True Southern Taste® to the public. Though our family recipes haven't changed much, we're constantly looking for fresh ideas to make our food the very best it can be! Whether it's utilizing the specially-selected cuts of meat, the finest ingredients, or honing our time-honored processes, you'll notice the dedication and passion that goes into making Carolina Pride® meats. We work daily to live up to our history as a leading producer of Bacon, Sausage, Hot Dogs, Smokies and Lunch-meats for our loyal customers.

Whether it's crispy bacon for family brunch, a delicious hot dog at a barbecue, tasty pepperoni for pizza night, or a holiday ham centerpiece, we're grateful for the opportunity to have earned a place at your family's table. We've never wanted to be the biggest company. Instead, we've always strived to be the best. That's why we use real ingredients, slow cook for the best flavor and smoke our meats the old-fashioned way. We're owned in the USA, and every product we sell is made in the USA, just as it has been since we started our business back in 1920.

Tower Isles was founded by Beryl and Earl Levi in 1968 as a small family bakery in Crown Heights, Tower Isles is now one of the largest patty making companies in the world. In order to avoid confusion with the traditional American Patties, WE coined the term "Jamaican Style Patties" in 1969. A Jamaican style patty is made with beef or chicken filling and a flaky pastry crust. Our Original Jamaican Style Patties are made with only the finest Grade A USDA beef, chunky white chicken breast, and freshly picked island spices. Tower Isles' commitment to producing the absolute BEST quality of Jamaican Style Patties is what sets us apart from the rest.

Eckrich® - Sausage

NFD EXPERIENCE
FRESHNESS

Peter Eckrich arrived in America at the age of 17, eager to seek his fortune. In 1894, he opened a small meat market in Fort Wayne, Indiana. There he created many of the sausages he enjoyed growing up in Germany. Peter took great pride in his craft. His dedication paid off. The business grew and before long, Peter had opened up a second shop as well as a plant to supply his growing wholesale business. By 1932, Eckrich meats were nationally recognized for their great taste and supreme quality.

Through it all, these things have never changed. The craftsmanship. The care. The pride. It's as strong in our company today as it was in Peter Eckrich's little Indiana shop, 120 years ago.

Bob Evans®

Bob Evans, the founder of our company, lived on the Bob Evans Farm in southeastern Ohio for nearly 20 years. He and his wife, Jewell, raised their six children in the large brick farmhouse known as the Homestead. Now on the National Register of Historic Places, the Homestead was where the Evans family opened The Sausage Shop in their front yard, which later became the first Bob Evans restaurant. The spirit of hospitality is deeply embedded in our company's history.

Beginning as a family-owned company in 1975 in Tyler, Texas, John Soules Foods was originally known as Country Jim's Meats. While we started by providing raw ground beef patties and cutlets directly to stores and customers, John Soules Foods has grown to be the #1 seller in fajita meats you know today.

Today, the Soules family still operates John Soules Foods. Our state-of-the-art facilities are on 67 acres in Tyler, Texas. In 2014, we acquired ProView Foods, a leader in breaded chicken products for school and institutional nutrition programs expanding our variety of chicken products offered to all customers.

Buckle up because here's how it all began. Jimmy Dean's love of sausage goes back to his roots, growing up on a farm in Texas and making fresh sausage with his grandfather. He absolutely loved the sights and smells and sounds of beautiful country mornings. He often described himself as the biggest morning person who ever walked the Earth (in cowboy boots, at least). Anywho, one day Jimmy was sitting in a local diner in his hometown of Plainview, Texas. He was having his usual breakfast of sausage and eggs but on this particular morning, he bit into a piece of gristle about the size of Texas. He turned to his brother Don and said, "You know, there has got to be room in this country for a good quality sausage!" The rest is history.

In 1945, Ralph F. and Alice Stayer opened a butcher shop and named it after their quaint hometown – Johnsonville, Wisconsin. The delicious sausage made in the Stayer's butcher shop came from an old family recipe, which made its way down the family tree from 19th-century Austria. This recipe became known as the sausage with the BIG TASTE, and a legacy was born!

Product can be sold frozen, or can be slacked out from frozen and sell within 14 days

Whether it's crispy bacon for family brunch, a delicious hot dog at a barbecue, tasty pepperoni for pizza night, or a holiday ham centerpiece, we're grateful for the opportunity to have earned a place at your family's table.

Hormel Foods is a Fortune 500 company that manufactures and markets high-quality, brand-name food and meat products globally. While we are over 125 years old, we are just getting started.

Whether for casual get-togethers, family reunions, or special occasions, nothing pleases a crowd more than Cook's. Our tender, juicy hams and other smoked meats are cured with natural ingredients like honey, brown sugar, and maple syrup, then perfectly finished by slow smoking with real hickory or applewood chips. The time and care we put into this process ensures consistent quality and exceptional flavor. For totally doable, delicious meals, put Cook's hams on your menu today—you'll never disappoint!

A Small Family Business that Grew Into a Large Family Business

For more than 75 years, one name has been synonymous with the finest quality veal and lamb products in the U.S.: Catelli. It was in 1946 that Anthony P. Catelli, Sr. started his veal and lamb wholesale business in Philadelphia, PA, enjoying considerable success as he built a loyal customer base. Sons Tony and Jim, carrying on their Dad's tradition of family-oriented service and superior product quality, launched Catelli Brothers in 1981. Tony Catelli is the President and CEO of the firm, which is part of Préval AG, the largest vertically integrated veal and lamb company in North America.
