A bear is one of the most family-oriented of all animals. A symbol of strength and courage that offers protection and loyalty. James Bassetti, Sr., affectionately known as "The Bear," earned such a reputation with a successful produce business due to his fierce commitment to going to any length to supply the best produce possible for his customers.

# Spice World - Assorted

Our story began over 70 years ago when Andy Caneza returned home after WW2. While overseas, "Pops" as he was known, experienced a spicy and savory flavor and he was passionate to share it with his family and friends. That flavor was garlic!

The aspiring entrepreneur borrowed \$10 from his fiancé, Ann, and began selling garlic to a local grocer in his New Orleans neighborhood. Soon thereafter Andy and Ann were married and the Spice World story was born.

# the Little Potato Company

In 1996, he put an idea to Angela: why not test out the market for little potatoes?

By going back to the potato's roots, we uncovered the same types of potato varieties first cultivated—small, highly nourishing, diverse, and packed with flavor.

Cari dom - Assorted Breads

Cassava is a food rich in complex carbohydrates (starch) and other nutrients, of great importance in our daily food. It is a very suitable food for all ages and especially for situations that require great physical wear and for athletes. It is very rich in complex carbohydrates, low in protein and fat, good source of B vitamins (B2, B6), vitamin C, magnesium, potassium, calcium and iron. The tapioca is a food easy to digest, rich in carbohydrates and energy. Therefore, its consumption is very suitable in situations of convalescence and in people suffering from digestive troubles. Furthermore, both the Yuca and tapioca are not a source of gluten, which is why the problems can consume without people who have Celiac or gluten intolerance.
